What type of web application we will be making!

About you*

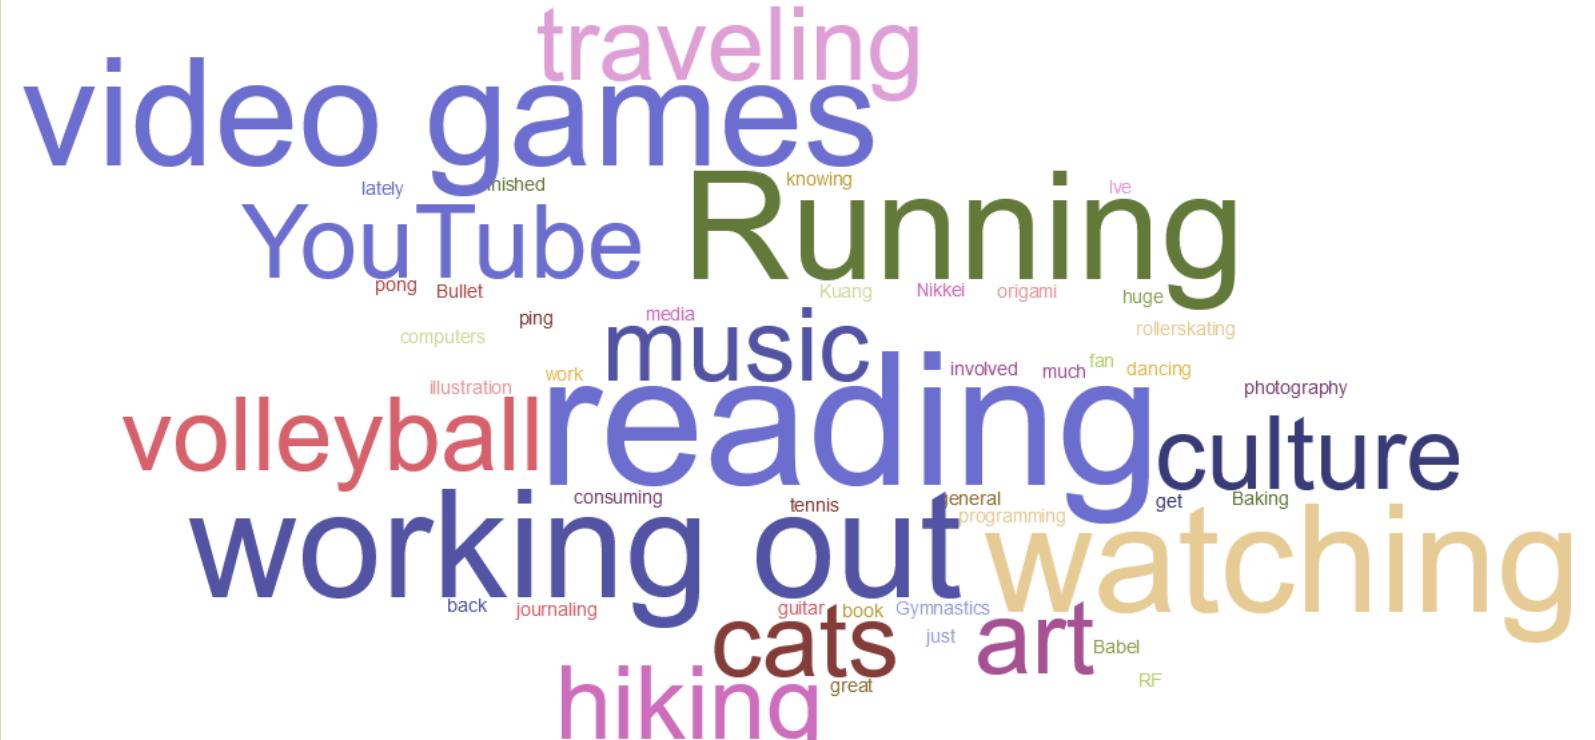

(*respondents before 4/4 and
said “yes” to sharing their surveys)

About you: Enrolled Student Status

First time teaching only undergraduates! Exciting!!

What you like to do!

Lots of great hobbies!

Hometowns

Most students are from California, but next largest country is Vietnam!

Post-Graduation Plans

Quite a few people mentioned finding **meaningful** work!

About you! GIS

What is your familiarity with GIS?

Radio buttons

16 (59%): **None, the course title was the first time I heard about GIS**

11 (41%): Some, I got the GIST of it and I can make some maps

0 (0%): Lots, I'm a spatial GenluS!

No one is coming in as a GIS expert!

About you! Data

What is your familiarity with cleaning data?

Radio buttons

18 (69%): **Some, I've cleaned up data before and made some charts**

7 (27%): None, isn't that a Star Trek character?

1 (4%): Lots, you can find spreadsheets on my toast because they are my jam.

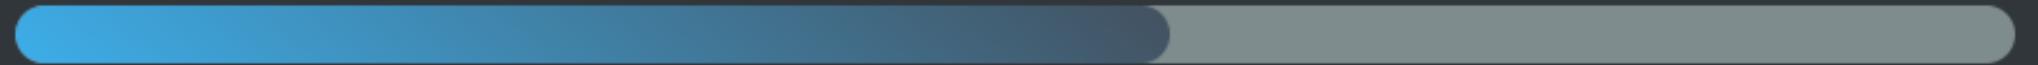

But most people are coming in with some data experience!

About you! Civil Society

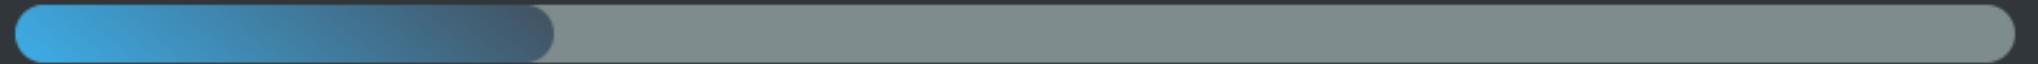

What is your experience with civil society?

Radio buttons

15 (58%): **Some, I have done things like volunteering at a non-profit before**

7 (27%): **None, isn't society already civil?**

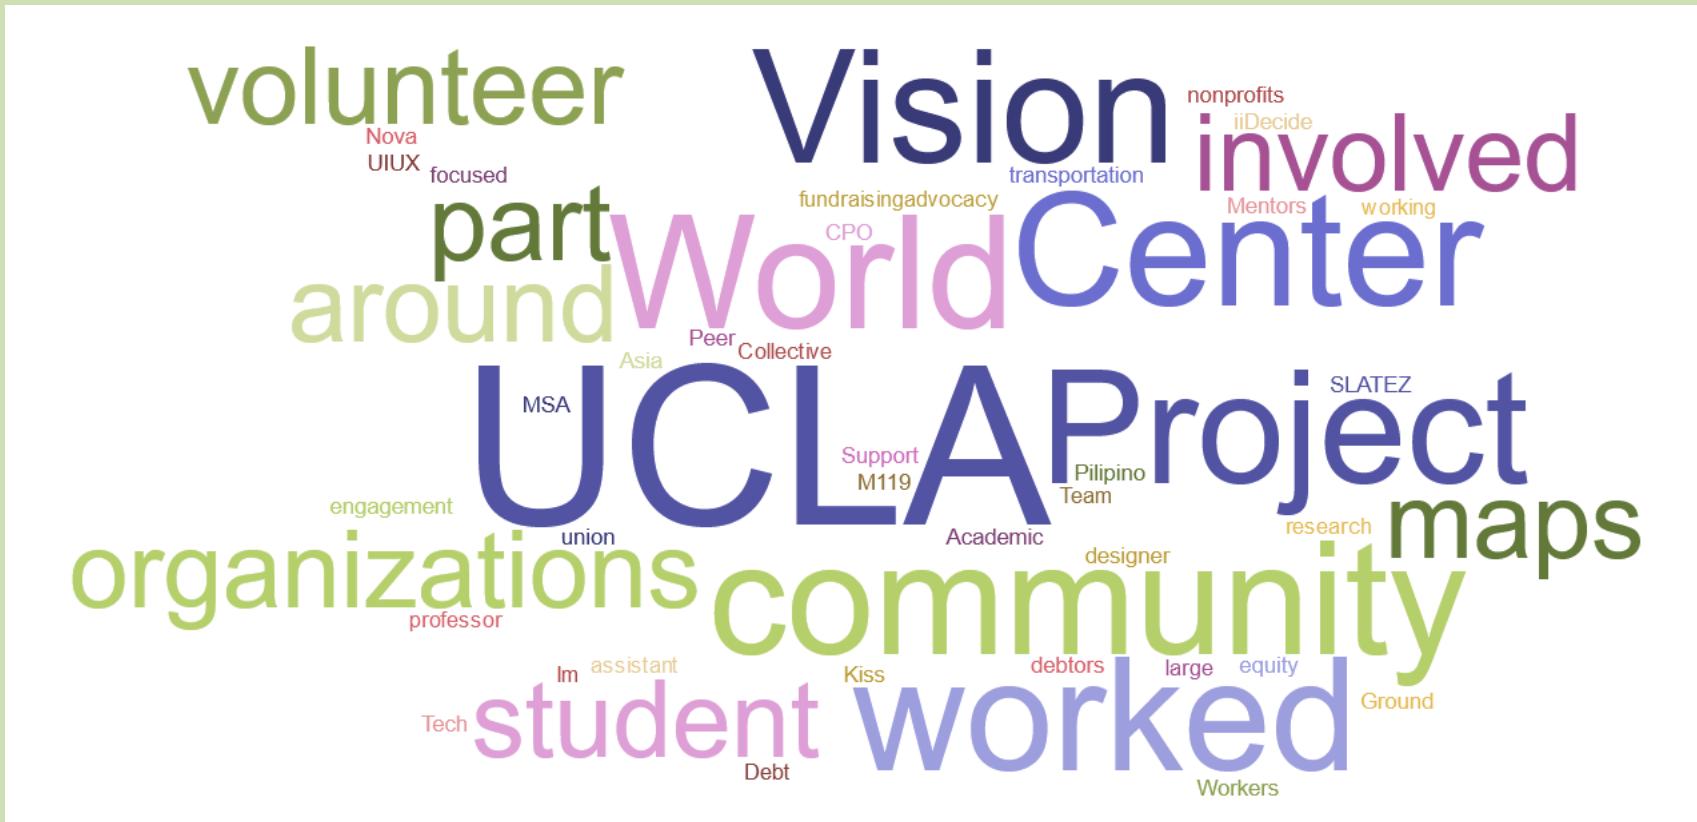

4 (15%): **Lots, I put the PRO in protests.**

Majority have either some or no experience with civil society!

About you: Civil Society Groups

Majority of volunteer organizations connected through UCLA

About you! Coding

No programming experience is necessary for this course, but if you have programmed before, how comfortable are you with it?

Radio buttons

12 (46%): **Some, I have written code before, but it's kind of intimidating.**

6 (23%): Pretty comfortable, I enjoy it.

4 (15%): I have no experience, so I cannot say.

4 (15%):

0110100100100000011010110110011011101110010000001100010011010010110110011000010111001001111001

Most people have some experience! Quite a few enjoy it!

About you! By you!

Please (**optionally**) introduce yourself with
the following

What Does West LA Have to Say About Food Insecurity?

Choose a zip-code: [Include All](#)

Where am I?: 90025

Services Used: Community Fridges

Reasons for Use: They were closer to my home and didn't require ID

Problems of Service:

Testimony Submission Time: 5/20/2021 14:18:34

Where am I?: 90024

Services Used: Food Banks, Food Pantries, Community Fridges, CalFresh

Reasons for Use:

Problems of Service: My application process took 3 months to go through, the entire time I was struggling to afford food. The process was complex and confusing and I lost track of all the documents and info I needed

Testimony Submission Time: 5/20/2021 14:22:48

Where am I?: 90095

Services Used: Food Pantries

Reasons for Use: Because they did not require ID

Problems of Service: I don't qualify for calfresh, I wish I was

Testimony Submission Time: 5/20/2021 14:22:53

Where am I?: 90095

Services Used: Food Pantries, CalFresh

Reasons for Use: resources offered through the school

Problems of Service: food pantry hours of operation are limited and require documents I am not comfortable offering

Testimony Submission Time: 5/20/2021 14:23:31

Where am I?: 90024

Services Used: None

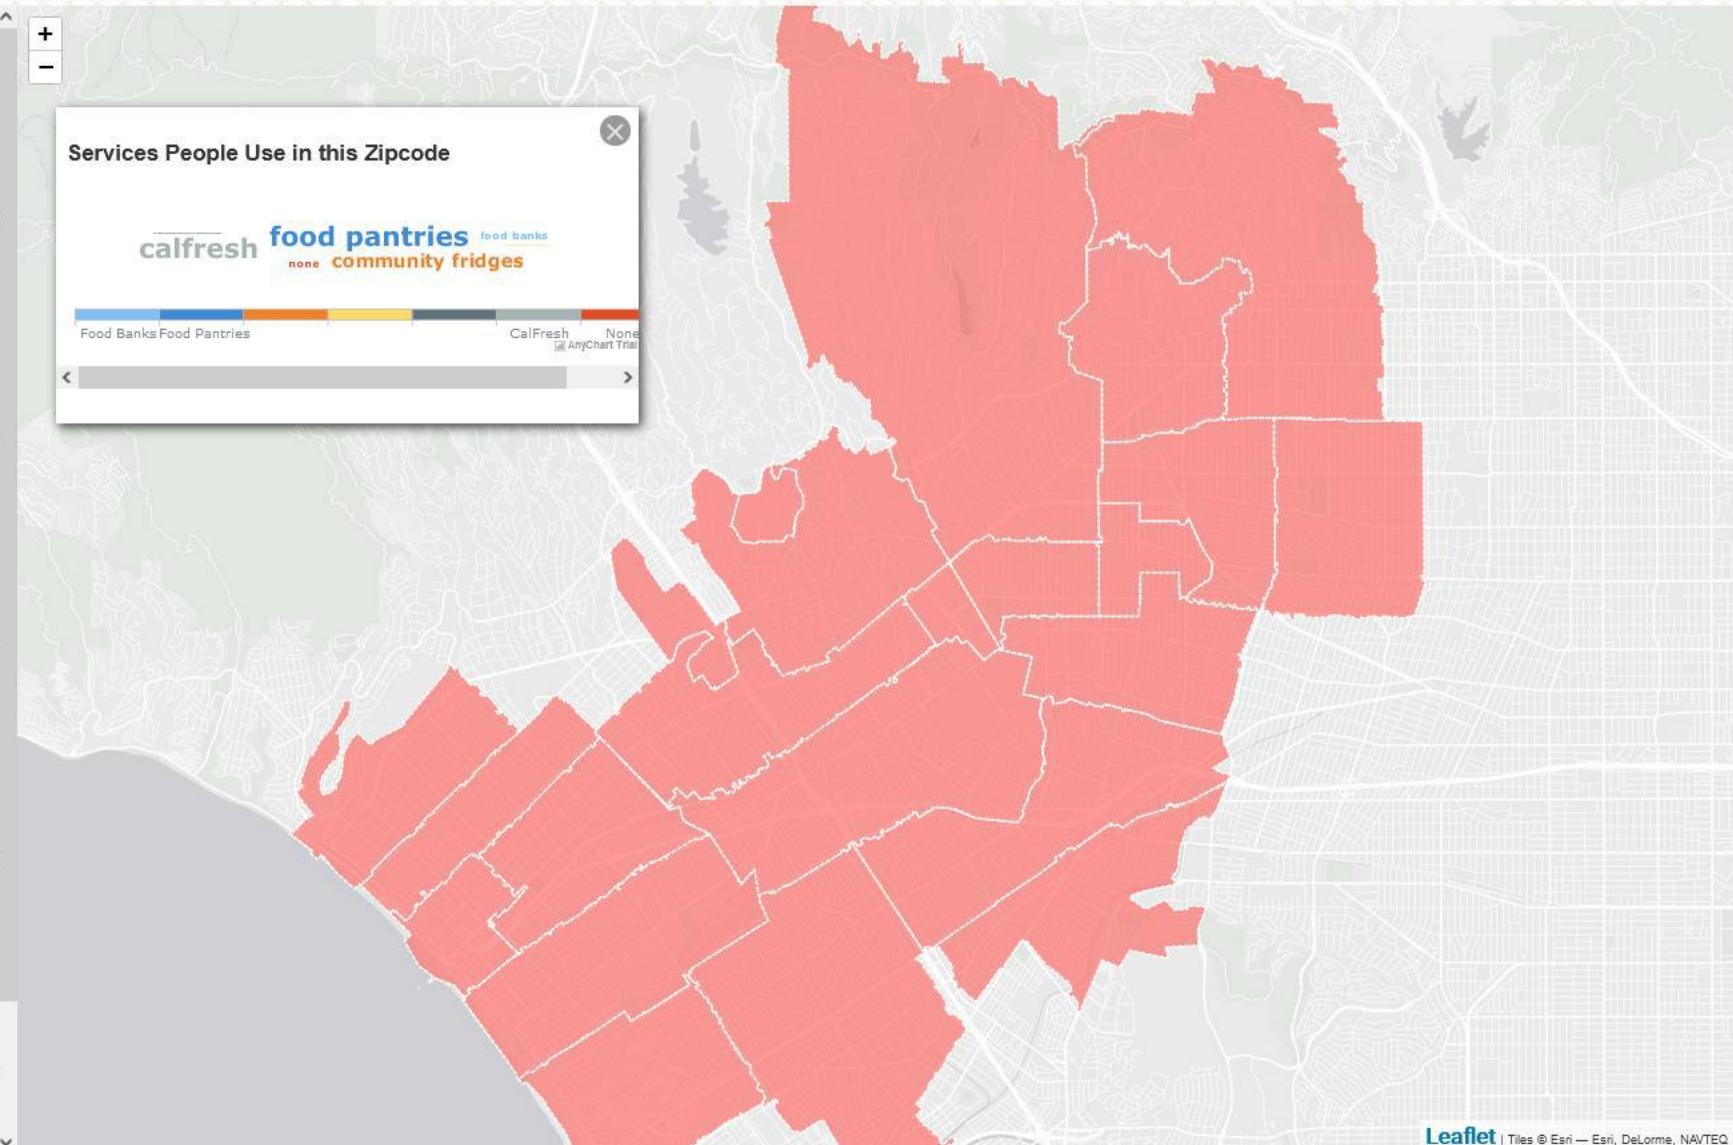

Reasons for Use:

Problems of Service: I haven't been able to access any food aid services. The closest one to me is still too far away and I'm uncomfortable with the information I need to share to apply.

Testimony Submission Time: 5/20/2021 14:25:41

Where am I?: 90210

Services Used: CalFresh

Reimagine 6th Street

[English Survey](#)[Encuesta en Español](#)[한국 설문 조사](#)[Github](#)[Contact Us](#)[About](#)

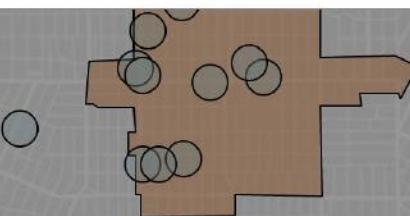

Select Language

Powered by  Translate

"Reimagine 6th Street" is a project to repurpose 6th Street in Koreatown from Normandie Ave. to Vermont Ave. for a public pedestrian plaza to support existing Koreatown community members and stakeholders. The goals of this project are three-fold: to provide open-space in Koreatown, reduce traffic violence, and boost existing small businesses.

"Reimagine 6th Street"는 한인타운의 6번가에 (Normandie Ave.과 Vermont Ave. 사이) 공공 보행자 광장을 조성하여 기존 한인타운 커뮤니티 구성원과 관계자를 지원하는 프로젝트입니다. 이 프로젝트의 목표는 한인타운에 열린 공간을 제공하고 자동차 사고를 줄이며 기존 중소기업을 돋는 것입니다.

"Reimaginar 6th St" es un proyecto para reutilizar 6th St en Koreatown de Normandie Ave. a Vermont Av. para una plaza peatonal pública para apoyar a los miembros de la comunidad de Koreatown y a las partes interesadas existentes. Los objetivos de este proyecto son tres: proporcionar espacios abiertos en Koreatown, reducir la violencia de tráfico e impulsar las pequeñas empresas existentes.

About the Course

Class website and syllabus

We will be using GitHub exclusively

The screenshot shows the homepage of the course website. At the top, there is a blue header bar with the course name "AA191A-Web Development and GIS for Social Change". On the left of the header is a small circular logo for "191A ASIAN AMERICAN". To the right of the course name are a search bar with a magnifying glass icon and a toggle switch. Below the header is a navigation bar with links for "Home", "Weekly Materials", "Assignments", "Labs", "Discussion" (with a globe icon), "Syllabus", and "Help". The main content area has a light gray background. On the left, there is a teal-colored sidebar with the word "Home" in white. The main content area features the word "Home" in large, dark gray font. Below it is a small teal box containing a person icon and the text "6 online". A welcome message follows: "Welcome to the course website where you can find all the material for the class. Remember to use the [Discord](#) , [GitHub discussion board](#) , [email](#) , or utilize [office hours](#) if you have any questions!". At the bottom of the content area is a section titled "Class Links" in dark gray font.

The screenshot shows the Stack Overflow interface for a specific course. At the top, the Stack Overflow logo and a search bar with the placeholder "make a leaflet map" are visible. Below the header, the course title "AA191A-Web Development and GIS for Social Change" is displayed. The navigation bar includes links for Home, Weekly Materials, Assignments, Labs, Discussion (which is highlighted with a red box and has a red arrow pointing to it), Syllabus, and Help. The main content area shows a "Summary" section with links to "Weekly Materials" and "Summary". Below that is a section titled "Week 1 - GIS, Data, and Ethics".

The screenshot shows a Calendly appointment page for "Albert Kochaphum" with the title "Office Hour". The appointment is set for 20 min. A description states: "Meet to discuss course work, lab software, lab materials, group projects, or any other general inquiries." To the right, there is a "Select a Date & Time" section showing "April 2023" and a weekly calendar from Sunday to Saturday. The date "1" is highlighted in blue, indicating it is selected. Other dates (2, 3, 4, 5, 6, 7, 8) are shown in light blue circles.

Types of Data

Types of Data

Qualitative

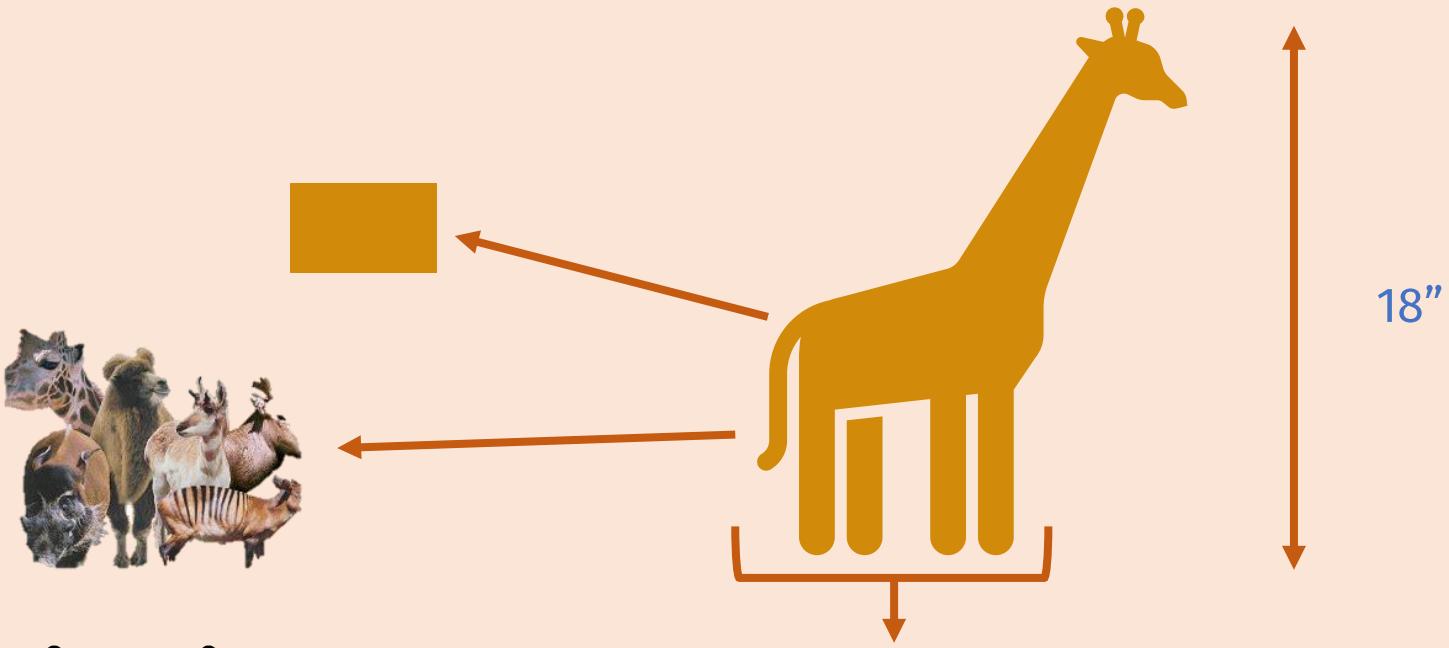

- Data that describes the **qualities** of something

Quantitative

- Data that can be summarized into **quantities**.

A giraffERENCE point for data types

Qualitative

- Color (**Yellow**)
- Species order (**Artiodactyla**)
- Species odor (**pleasant**)

Quantitative

- Height (**5.5 meters**)
- # of legs (**4 legs**)
- Taller than Data? (**Yes**)

Applying our knowledge!

Pre-Course Survey for AsianAm-191A!

Please fill out this survey for "AA-191A: Web Development and GIS for Social Change" at your earliest convenience but **no later than the first day of class (4/4/2023). No programming experience is necessary** for this course and this survey will be used to partner you up with other students based on your skills and subject of interest. Additionally, some of your answers will be summarized to help us learn about each other in the first week.

Remember to check the syllabus to learn more about the course before responding:
<https://albertkun.github.io/23S-ASIAAM-191A/syllabus/>

Responses are anonymous. An asterisk (*) indicates mandatory questions.

Full Name *

How would you like to be referred to? 

Enter your answer

Was the data collected in the Student Survey qualitative or quantitative?

Applying our knowledge!

What department, major, or field of concentration are you? *

 You can also share if you have a minor or double major  

Enter your answer

Please share something about your background and/or interests. *

This can be hobbies or things you enjoy!    

Enter your answer

What are your goals after graduating UCLA? *

Can be as brief or long as you'd like!  

Enter your answer

Qualitative

What is your experience with civil society? *

- None, isn't society already civil?
- Some, I have done things like volunteering at a non-profit before
- Lots, I put the PRO in protests.

What is your familiarity with GIS? *

- None, the course title was the first time I heard about GIS
- Some, I got the GIST of it and I can make some maps
- Lots, I'm a spatial GeniuS!

Quantitative

Both qualitative and quantitative!

Critical Data Studies

Is Data perfect for solving social problems?

No!

In doing so, you assume social problems are:

Knowable

Controllable

Rational

Neutral

Technocratic

Objective

Non-ideological

Effects of a data only approach

Neglects those directly impacted by social problems.

Alternative data forms:

The screenshot shows the homepage of the OpenStreetMap Humanitarian website. At the top, there's a navigation bar with links to Data Catalog, Geohub, Blog, Developer Resources, and About, along with social media icons for Facebook, Twitter, and a search bar. Below the navigation is a main menu with sections like WHAT WE DO, OUR WORK, TOOLS & DATA, NEWS, COMMUNITY & ORGANIZATION, PARTNER WITH US, and GET INVOLVED. A search bar is also present. The main content area features a map of the United States with a callout for "Mapping Hate Crimes in the US #OneHateCrimeIsTooMany". Below the map, there's a blue banner with buttons for "SEE COVID HATE CRIMES" and "REPORT INCIDENT". The bottom section shows a reporting form for a harassment incident. Step 1, "Harassment Location", asks for an "Enter location" and has "BACK" and "NEXT" buttons. Step 2, "Date of Harassment", is partially visible. On the right side of the page, there are navigation arrows and a vertical sidebar.

GIS, Data, and Ethics

Ethics

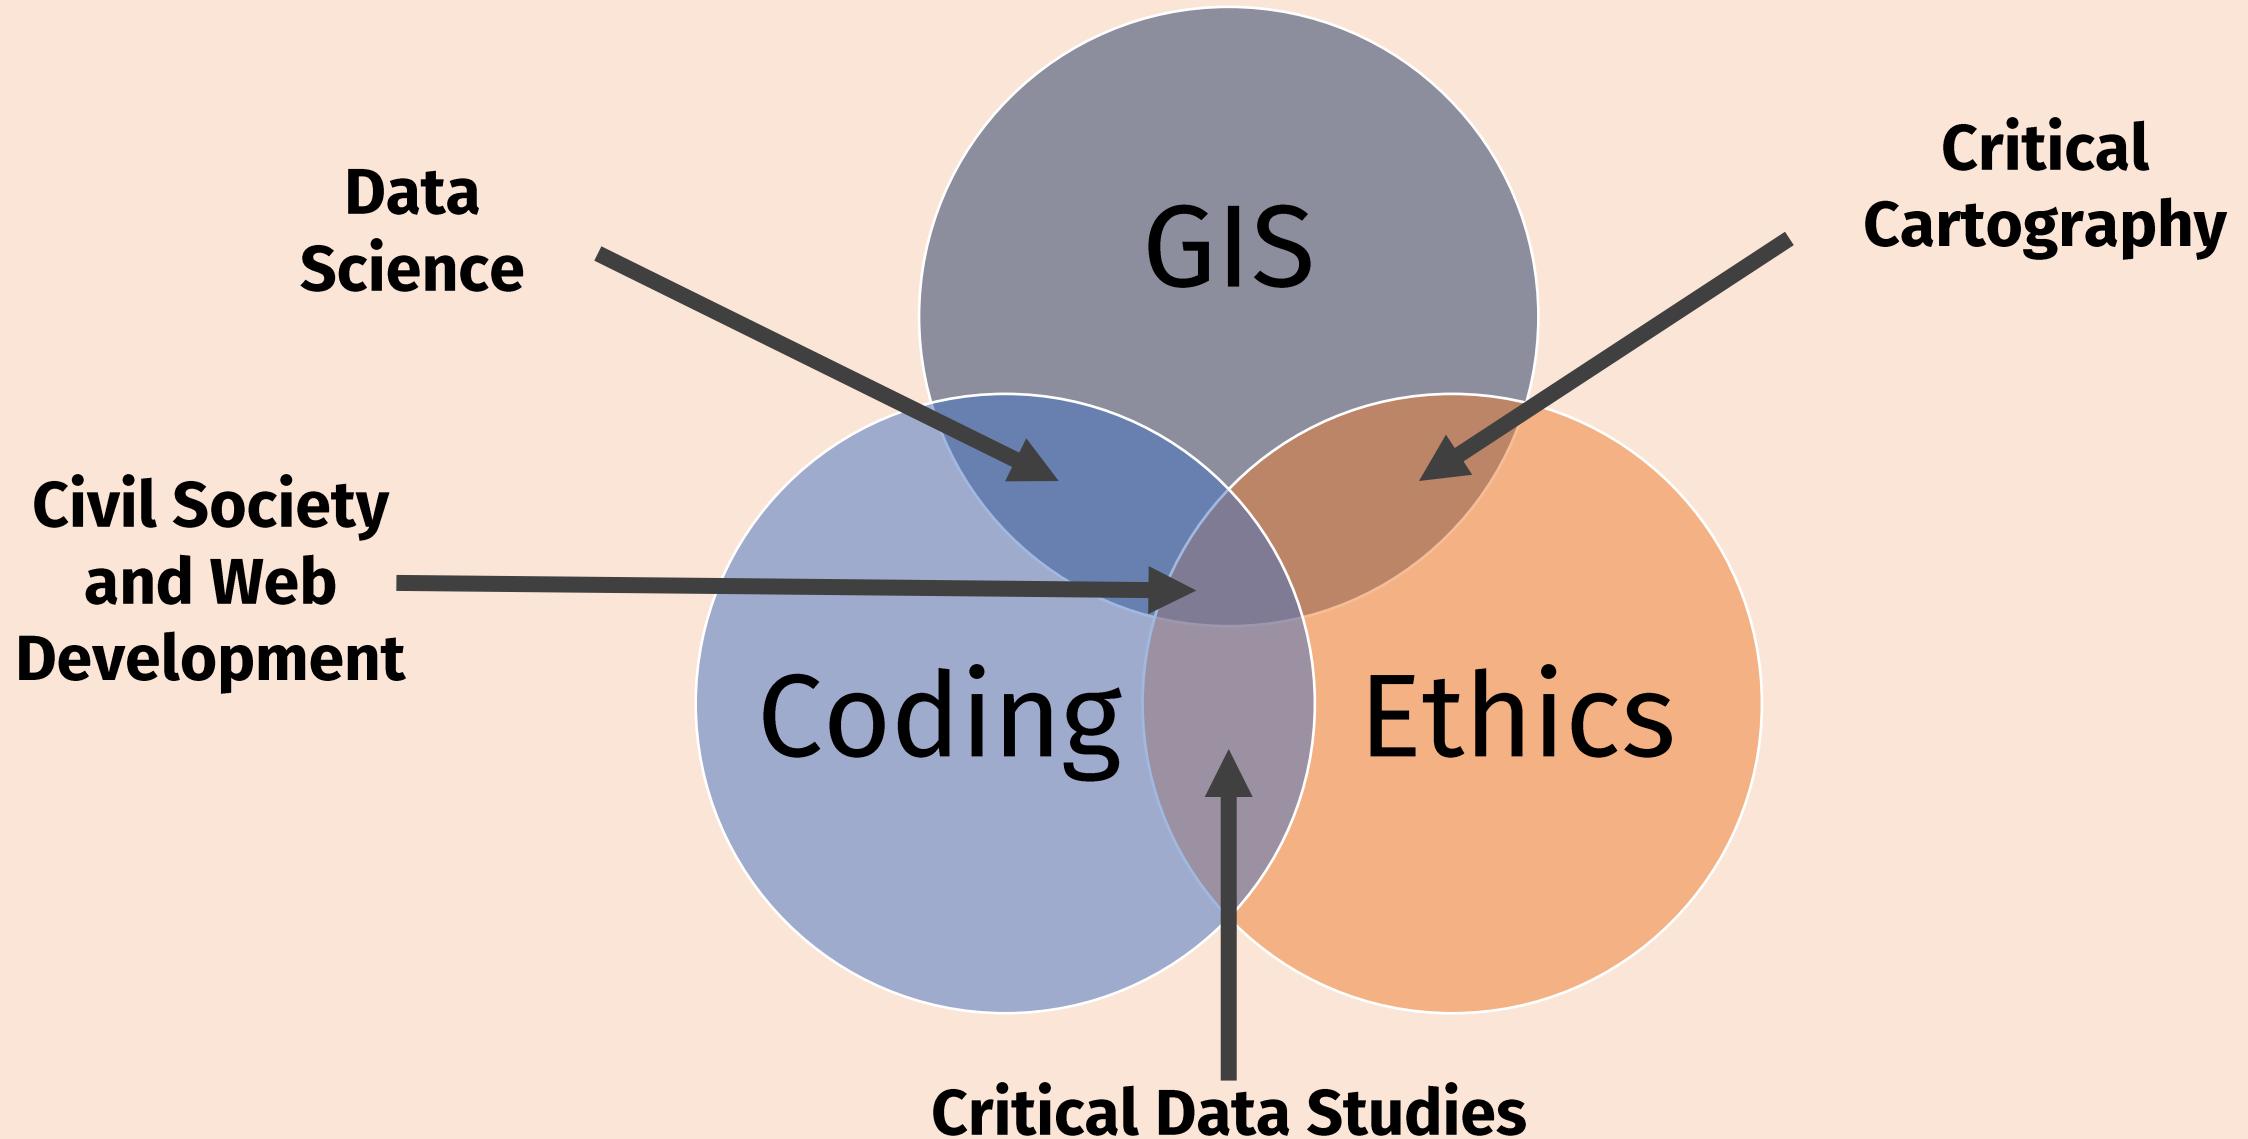

GIS
Data
Ethics
Discussion
Assignments

Ethics

- Concerned about **how** and **why** we code/make maps
- There are no “right” answers
 - **But** we should be able to defend why we chose a particular action

Fitting Ethics in

Ethics

learn to
code without
facing
social problems

learn to
code for
communities facing
social problems

My Ethics

"We are privileged to be able to have access to education, our responsibility should be to empower others."

"Technology should be used to fight back and amplify community voices against institutions."

Ethics is rooted in the “service” to the university mission

UCLA'S CORE MISSION CAN BE EXPRESSED IN JUST THREE WORDS:

Education, Research, Service.

GIS, Data, and Ethics

Discussion

GIS
Data
Ethics
Discussion
Assignments

What are your ethics when it comes to using technology?

- In what ways should the internet and maps be used for good? For bad?
- Does this apply to other technology too?
 - Ex. Video games or smartphones
